

IHRS MID-TERM  
VIRTUAL  
ELECTROPHYSIOLOGY  
MEETING 2026

# Arrhythmiaverse - Classic to Futuristic

**VIRTUAL MEETING**

Organized by Indian Heart Rhythm Society (IHRS)

**JULY 11-12, 2026**

*Shaping the Future of Electrophysiology  
through Innovation, Precision, and Intelligence*

## MEETING THEME

Future EP technologies, practical learning, mapping, devices, AI and next-generation electrophysiology.

### ORGANISING CHAIRMAN

**Dr. AJAY NAIK**

### ORGANISING SECRETARY

**Dr. ARUN GOPI**

### ORGANISING TEAM

Dr. AJIT KUMAR  
Dr. RAKESH YADAV  
Dr. ASHISH NABAR  
Dr. VIVEK CHATURVEDI  
Dr. SUCHIT MAJUMDAR

FUTURE EP  
TECHNOLOGIES

PRACTICAL  
LEARNING

MAPPING

DEVICES

AI

NEXT-GENERATION  
ELECTROPHYSIOLOGY

Global Insights  
from Leading  
Experts

Interactive  
Discussions

Driving the Future  
of Cardiac  
Rhythm Care

Join us virtually for an engaging and future-focused electrophysiology experience.

# IHRS MID-TERM VIRTUAL EP MEETING 2026

## ARRHYTHMIAVERSE – CLASSIC TO FUTURISTIC

VIRTUAL SYMPOSIUM

Organized by the Indian Heart Rhythm Society (IHRS)

JULY 11 – 12, 2026

### THEME:

Future EP technologies, practical learning, mapping, devices, AI, and next-generation electrophysiology.

### FORMAT:

All scientific sessions = 20 min talk + 10 min discussion.  
Case block = 10 min + 5 min × 5 speakers.

## DAY 1 • SATURDAY, JULY 11, 2026

4:30 PM – 9:00 PM IST • 8 sessions + closing remark • Devices, Tracings & Master Cases

Time (IST)	Session	Speaker(s)
4:30 – 4:40 PM	<b>Welcome Address &amp; Opening Remarks</b> <i>10 min</i>	Dr. Ajay Naik Dr. Ajit Kumar Dr. Rakesh Yadav
4:40 – 5:10 PM	<b>Interactive EGM Tracings</b> <i>Case-Based Learning</i>	Dr. Sam Asirvatham
5:10 – 5:40 PM	<b>Leadless Pacing — Is It for All?</b> <i>Current Evidence &amp; Future Advances</i> <i>20 min talk + 10 min discussion</i>	Dr. Rahul Doshi
5:40 – 6:10 PM	<b>Extravascular ICDs</b> <i>Who, When &amp; Why?</i> <i>20 min talk + 10 min discussion</i>	Dr. D.J. Lakkireddy
6:10 – 6:40 PM	<b>Interesting Device Tracings</b> <i>20 min talk + 10 min discussion</i>	Dr. Haran Burri
6:40 – 7:10 PM	<b>LAA Closure in 2026</b> <i>OPTION, CHAMPION-AF &amp; First-Line LAAC</i> <i>20 min talk + 10 min discussion</i>	Dr. Shephal Doshi
7:10 – 7:40 PM	<b>Neuromodulation in EP</b> <i>The Next Frontier</i> <i>20 min talk + 10 min discussion</i>	Dr. Kalyanam Shivkumar
7:40 – 8:55 PM	<b>My Most Educative Case — Pearls &amp; Pitfalls from Masters</b> <i>Five back-to-back master cases (10 min talk + 5 min discussion each)</i> <i>75 min total</i>	Dr. Narasimhan C Dr. Anil Saxena Dr. Narayanan Namboodiri Dr. Raja Selvaraj Dr. Yash Lokhandwala
8:55 – 9:00 PM	<b>Closing Remark — Day 1</b> <i>5 min</i>	Dr. Arun Gopi

GLOBAL INSIGHTS  
from Leading Experts

INTERACTIVE  
DISCUSSIONS

PRACTICAL TAKEAWAYS  
for Daily Practice

# IHRS MID-TERM VIRTUAL EP MEETING 2026

## ARRHYTHMIAVERSE - CLASSIC TO FUTURISTIC

VIRTUAL SYMPOSIUM

Organized by the Indian Heart Rhythm Society (IHRs)

JULY 11 - 12, 2026

### THEME:

Future EP technologies, practical learning, mapping, devices, AI, and next-generation electrophysiology.

### FORMAT:

All scientific sessions = 20 min talk + 10 min discussion.

Case block = 10 min + 5 min x 5 speakers.

## DAY 2 • SUNDAY, JULY 12, 2026

4:00 PM - 7:45 PM IST • 8 sessions + closing remark • Ablation, Pacing, Mapping & Closing

Time (IST)	Session	Speaker(s)
4:00 - 4:10 PM	<b>Day 2 Introduction &amp; Recap of Day 1</b> <i>10 min</i>	Dr. Vivek Chaturvedi Dr. Anoop Gupta Dr. Ashish Nabar
4:10 - 4:40 PM	<b>Pulsed Field Ablation for Atrial Arrhythmias</b> <i>Where We Are in 2026</i> <i>20 min talk + 10 min discussion</i>	Dr. Vivek Y. Reddy
4:40 - 5:10 PM	<b>Beyond PVI in Persistent AF</b> <i>PFA for Posterior Wall, Mitral Isthmus &amp; LAA</i> <i>20 min talk + 10 min discussion</i>	Dr. Prashanthan Sanders
5:10 - 5:40 PM	<b>Conduction System Pacing in 2026</b> <i>A Unifying Framework</i> <i>20 min talk + 10 min discussion</i>	Dr. Pugazhendhi Vijayaraman
5:40 - 6:10 PM	<b>The Wireless Future</b> <i>Leadless LBBAP &amp; Leadless CRT (WiSE-CRT)</i> <i>20 min talk + 10 min discussion</i>	Dr. Devi G. Nair
6:10 - 6:40 PM	<b>VT Ablation in 2026</b> <i>From Substrate Mapping to Stereotactic Radioablation</i> <i>20 min talk + 10 min discussion</i>	Dr. William G. Stevenson
6:40 - 7:10 PM	<b>ILAM 2.0</b> <i>Where Would You Ablate?</i> <i>20 min talk + 10 min discussion</i>	Dr. Roderick Tung
7:10 - 7:40 PM	<b>Closing Keynote</b> <i>Where Will EP Be in 2030?</i> <i>20 min talk + 10 min discussion</i>	Dr. Jagmeet Singh
7:40 - 7:45 PM	<b>Closing Remark — Day 2</b> <i>5 min</i>	Dr. Arun Gopi
